EXPERIENCE

Kona Seafood Market, Kailua-Kona — *Manager*

december 2021 - PRESENT

This position I was working by myself and ran the place while the owner was setting up his other business. I would take in, prep, and clean fish in a timely manner, and help customers with their purchase.

Diamond Resorts, Kailua-Kona — *Off Property Ambasador(OPA)*

April 2018 - October 2020

While I was a marketer with Diamond Resorts, I was Off Property at the KOA airport by myself, marketing for tours of the resorts to people that just got off a six hour flight, and also won awards for most tours in a month.

Wyndham, Kailua-Kona — *Vacation sales agent*

November 2017 - April 2018

When working for wyndham I had to carry a Real Estate License, and would take guests on a tour of the resort and show them why they should vacation with wyndham

EDUCATION

Forest Grove High, Forest Grove, OR— *Diploma*

Graduated 2014

PROJECTS

Scrum-React — *https://github.com/FletcherJay/Scrum-React*

I built a scrum app to help me learn why it's useful, then I converted the code to use React.js, this project helped me expand my knowledge on dom manipulation, and array manipulation.

Nasa API — *https://github.com/FletcherJay/NASA-API-bot*

This project I developed my knowledge with API's and how to grab data and then put it on page with a map function and vanilla js.
